**Harris Township**  
**RESOLUTION No. 2017-009**

**A RESOLUTION TO APPROVE THE REVISED  
VERSION OF THE COMPREHENSIVE PLAN**

**WHEREAS**, in 2017 the Town Board of Harris Township, acting as the planning commission for Harris Township in Itasca County, Minnesota decided to review the Comprehensive Plan from the 2012 version; and

**WHEREAS**, the Town Board acting as the planning commission for Harris Township hired John Powers of Applied Insights North, a planning consultant, to revise the Comprehensive Plan from the 2012 version; and

**WHEREAS**, John Powers of Applied Insights North, held public meetings to interview local land owners; Town Officials, and other community stakeholders were able to address current issues with the Comprehensive Plan; and

**WHEREAS**, the Town Board has met as a board, held public hearings to hear comments of the 2017 draft Harris Township Comprehensive Plan; and

**WHEREAS**, after hearing public comment, the Harris Town Board voted unanimously to approve the Harris Township Comprehensive Plan as presented; and

**NOW THEREFORE BE IT RESOLVED** by the Harris Town Board, Itasca County, Minnesota, hereby approves the 2017 Harris Township Comprehensive Plan as presented.

## Road Brushing Inspections

### Priorities

Schmidt Road  
Pine Crest  
Sunny Beach Road  
Romans Road  
Alicia Place  
Metzenhuber Road

### No Brushing needed at this time:

Sunny Beach Addition: No ROW  
Bayview Place  
Westleyan Drive

The top six will have brushing and some tree removal done by the maintenance crew.

### Sending for bids:

Wendigo Park Circle: tree limbs removed, birch trees removed, pine on both sides of the road need to be cleaned and some removed, pines need to be removed by # 18717, trees by stop sign need to be removed  
Alicia Place: trees  
Wendigo Park Road: pines (to be removed by #18771 and #29304)  
Nancy Drive: stumps  
Underwood Road: Trees and stumps

ROAD/BRUSHING INSPECTIONS

JULY 11, 2017

7:00 PM – 8:30 PM

PRESENT: SUPERVISORS: KELLEY, CLAYTON, HAUBRICH, KORTEKAAS, AND SCHACK

- ② PINE CREST
  - brushing needed in ditches
  - Limbs need to be trimmed
  - maintenance can take care of brushing, etc.
  
- UNDERWOOD
  - brushing needed in ditches
  - take ROW on back slope
  - trees need to come down and stumps removed by #28688
  - remove dead trees by #28553
  
- WESLEYAN DR. - looks good; continue to mow

- ③ WENDIGO PARK CIRCLE
  - *getting Bid* could use some tree limbs removed
  - birch trees need to be removed
  - a lot of pine trees on both sides of road need to be cleaned up and some removed
  - pines need to be removed by #18717
  - trees by stop sign need to be removed

- ⑤ ALICIA PLACE
  - remove trees by #28911
  - brushing and chipping needed by #28543- *get Bid out maintenance*

- WENDIGO PK ROAD
  - pines need to be removed by #18771
  - pines need to be removed by #29304

- SUNNY BEACH ADDITION
  - no ROW

- ③ SUNNY BEACH ROAD
  - branches need to be removed by #28413
  - clean up by the stop sign by Breezy Lane

- ④ ROMANS RD
  - branches need trimming by the park

- WENDIGO RD/ NANCY DRIVE
  - stumps (from trees recently cut) need to be removed

- ⑥ METZENHUBER ROAD
  - tree branches need to be trimmed/cut
  - possibility of culvert needed/rip-rap/trench

*to get Bid:*  
Wendigo Park circle  
Alicia Place trees  
Wendigo by park rd.  
Nancy Dr. Stumps  
Underwood trees  
& Stumps

*Maintenance possible  
Wendigo depends  
on Bid.*

BAYVIEW PL. - looks good - *needs nothing*

① SCHMIDT RD - brushing and chipped needed all along this road  
THIS ROAD IS A PRIORITY

**ADDITIONAL INFORMATION/NOTES: OBTAIN QUOTE FOR WENDIGO CIRCLE; MAINTENANCE CAN TAKE CARE OF SOME OF THE BRUSHINIG AND CHIPPING, BUT ADDITIONAL WORK NECESSARY**

**Subject:** Warning sign and barricade quote  
**Attachments:** Quotation.pdf; JACKJAW POST PULLER.pdf; FLS-SOLAR FLASHER.pdf; CHECKERS SOLAR BARRICADE LIGHTS.pdf; TRAFFIX-2200 SERIES SIGN STANDS.pdf; Traffix-TYPEIII PLASTIC 56000.pdf; Warning sign items list (quote list).docx

**Good morning,**

**Attached is the quote from Newman Signs and also TAPCO for the warning signs, lights and barricades that we should look into purchasing. All of the prices on the quote from Newman Signs are for 1 item only. Whatever we decide on getting, we will have to add up the numbers accordingly. We are going to need at least 4 rollup stands, and 2 "be prepared to stop" and 2 "road work ahead" vinyl signs. As far as the other items, that can be discussed as to how much, of what item, we will need. The price quote from TAPCO is broken down into the price for a single item *and* for the quantity that we should need. The post puller is not a necessity, that is more of a wish list item. It would benefit us but, it is not needed right now.**

**Now, if any of this is confusing, please just let me know. Also, if you need to have it broken down more, I can do that as well.**

**Thank you,  
Derrick**

*Harris Township  
Maintenance Crew*

*The clerk made sure they were apples to apples. Changed the quantities to match both quotes. The quotes are labeled Q1 & Q2 for easy reference. both have totals.*

**To:** harris township maint. n/a  
**Subject:** QUOTE-TQ-0027487

Attached is your quote and pictures for some of the products. Let me know if you have any questions. The Jack-Jaw puller would be a direct ship to you. The Solar flasher is what we keep in stock and the picture of the Type III barricade is the 56000.

Thank you,  
Marcia

# Eclipse Series of Solar LED Lights

"Designed To Meet The Rigors Of The Traffic Control Industry"

Solar Eclipse B-Light

Solar Eclipse with 360° Dome

Solar Eclipse A/C Light with Circuit

*★ FLS-Solar*

#### Patented case features:

- Unique waffle design for maximum durability
- Cross-ribbing prevents case from migrating upon impact
- Case utilizes the most advanced UV inhibitors and impact modifiers
- Solar panels are inset in the case ensuring maximum protection upon impact
- Available case colors: yellow case is standard, custom colors upon request
- Optional raised letter case imprint

#### Battery features:

- Lithium iron phosphate batteries designed for 5-year life
- Completely "green" - no disposal issues

#### Circuit features:

- Patented circuit tracking system tracks sun from cell to cell
- Light is always charging—even when off
- High/low voltage cut-off to protect batteries
- Built-in "over-capacity" ensures light will operate regardless of the amount of available sunlight, temperature or season
- Standard 3-way switch

#### Additional features:

- Available lens colors: amber, red, blue, green, and clear

# TraFFix® Portable Sign Stands

For Use With 36" and 48" Roll-Up Signs

T R A F F I X ® S I G N S T A N D S

## 22000 SERIES

# 22000

# 22000

# 22000-USH

# 22000-WEX

From left to right: TraFFix Stand, TraFFix Stand with 10" height extender and TraFFix Stand with Universal Sign Holder

*The stand is compact, easy to carry and stores in small areas. All parts can be easily replaced. A complete parts list is included with each stand.*

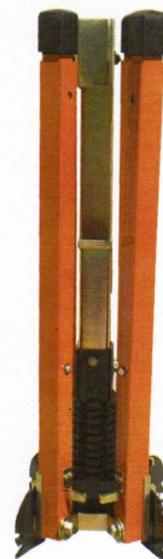

### TraFFix Sign Stand with Unique Step-N-Drop® Legs

This highly advanced Step-n-Drop feature enables you to quickly set-up the stand without having to bend over or stoop down. Simply place your foot on the release lever, step down and two legs will drop into position. Repeat the process for the remaining two legs and you are ready for the sign.

## 22300 SERIES

### TraFFix Single Spring Sign Stand

For those extra windy applications, TraFFix Devices offers the single spring sign stand. The stand has Step-n-Drop legs and all the other features and benefits listed above. The stand comes with the traditional latch bracket connector for plastic corner pockets, or the Universal Sign Holder which is ideal for sewn corner pockets and other manufacturers roll-up signs.

# 22300-USH

All steel construction with powder coated paint to resist rusting

## 22000 SERIES

The special TrafFix 10" extender adapts to the stand for added height, or where maximum sign height is required without raising the legs.

**# 22012-USH**  
Universal Sign Holder allows any manufacturer's roll-up sign to be used with TrafFix Stand

The telescoping legs create a wider stance for added stability in high wind situations. Just pull legs out when needed, and return legs back to original position for storage. The stand can also be adjusted to 2 height levels, depending on your particular situation. Each leg can also be independently adjusted for greater stability on uneven terrain.

TrafFix Stand shown with 36"x 36" mesh sign and flag assembly

The TrafFix Stand tip resistant design effectively spills the wind and holds a 36"x 36" or 48"x 48" roll-up sign securely without heavy springs or a bulky mast

### Rigid Sign Adapter

This single spring adapter converts a TrafFix stand for roll-up signs into a stand that will accommodate a 36"x 36" rigid sign. Simply drop the custom latch bracket connector into the sign stand to lock in place.

**# 22000-RSA**

## 22700 SERIES

### Aluminum Leg TrafFix Single Spring Sign Stand

This aluminum leg version of the TrafFix Sign Stand with Spring is ideal for those applications requiring lightweight portability with superior corrosion resistance. The telescoping legs provide stability in windy conditions.

**# 22700**  
**# 22700-USH**

### Ground Mount Stand

This economical stand is ideal for short duration jobs. Simply drive the pointed metal end of the stand into the ground by stepping on the horizontal side bars. Holds 36" or 48" roll-up signs firmly in place.

## SOLAR BARRICADE LIGHTS

Often imitated but never duplicated

- ### FEATURES
- Most durable & efficient barricade light on the market
  - Solar technology eliminates the need to replace batteries
  - Patented design allows lens to be turned 360 degrees continuously without tangling or breaking wires
  - Rapidly recharges in 1 hour lasting up to 2 weeks with no sunlight
  - Efficient LED optic lens produces 30% more light output

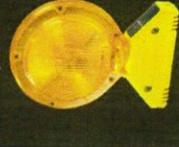

AID™ SOLAR BARRICADE LIGHTS are the most durable solar powered barricade lights on the market today. Our lights feature the industry's brightest LED, which produces 30% more light output when compared to competitive brands. Using solar technology eliminates the need to spend time and money stocking and replacing batteries. Our Patented case & circuitry feature is designed to withstand the harshest conditions experienced in traffic safety, construction, and other industrial applications. Available with one-sided, two-sided, or 360° visibility, AID™ SOLAR BARRICADE LIGHTS are rated at operating temperatures ranging from -60° F to 140° F (-50° C to 60° C). Built with a battery that can last up to 5 years without maintenance, a heavy-duty UV stabilized polycarbonate lens, and durable polypropylene case that can withstand high impact and drive overs. These patented lights dramatically decrease maintenance and replacement costs.

**PRODUCES 30% MORE LIGHT OUTPUT THAN COMPETITIVE BRANDS!**

### ADVANTAGES OF AID™ SOLAR BARRICADE LIGHTS

- UV-stabilized polycarbonate lens withstands high impact and pressure
- Our original LED optic lens design set the standard for the industry as it allows for 30% more efficient light output when compared to competitive brands
- 360° LED internal light source increases visibility
- Non-coupled LED light source allows lens to be turned 360° continuously without tangling or breaking wires
- Light recharges in 1 hour and lasts up to 2 weeks with no sunlight
- LiFePO4 battery is included and can last up to five years before replacement is needed
- Personalize your lights by molding your company logo into this area
- Patented case structure made from polypropylene, which withstands all types of impact and extreme weather conditions

Three styles to choose from:

Dedicated to saving lives and protecting assets

## SOLAR BARRICADE LIGHTS

### TYPE A/C (One or Two-Sided Visibility)

Light intensity is up to 4 effective candles

- 3-Way Operation: Steady On, Flashing, or Off
- Only operates at night, and automatically turns off during daytime to extend battery life
- Extended battery life of up to 5 years in steady mode

MODEL	DESCRIPTION
BS.AC.D1**	2-Sided Visibility, Solar, Type A/C with 1.75" D Bolt
BS.AC.D2**	2-Sided Visibility, Solar, Type A/C with 2.25" D Bolt
BS.AC.D1**	One-Sided Visibility with white back, solar, Type A/C with 1.75" D Bolt
BS.AC.D2**	One-Sided Visibility with white back, solar, Type A/C with 2.25" D Bolt

\*\*Specify case color and lens color after model number: Case Color/Lens Color  
**CASE COLOR:** Y = Yellow (Custom case colors available)  
**LENS COLOR:** A = Amber, B = Blue, C = Clear, G = Green, R = Red  
 LiFePO4 solar rechargeable batteries included

7.5" L x 5.7" W x 10.5" H  
 Weight: 1.5 lbs.

### TYPE D (360° Visibility)

Light intensity is up to 2 effective candles

- 3-Way Operation: Steady On, Flashing, or Off
- Only operates at night, and automatically turns off during daytime to extend battery life
- Extended battery life of up to 5 years in steady mode

MODEL	DESCRIPTION
BS.D.D1**	Solar, Type D with 1.75" D Bolt
BS.D.D2**	Solar, Type D with 2.25" D Bolt
BS.D.M**	Solar, Type D with Magnetic Base (includes two 1.4" OD x .46 lb. pull magnets)

\*\*Specify case color and lens color after model number: Case Color/Lens Color

# The New Force in Sign Post Pulling!

110300 for U pickets

## Pulls Sign Posts Straight Out!

- Fast, easy, safe sign post pulling
- Lightweight, powerful, all steel construction
- Grips tightly on sign post, no slipping, no back strain
- 16 to 1 mechanical advantage, 100lbs push down on handle = 1600lbs pull up on sign post
- Portable, quick one man pulling of remote (off road) signs
- JackJaw® 300 pulls U pickets and T posts and grounding rods
- JackJaw® 304 pulls square sign posts (2" - 2-1/4")
- JackJaw® 305 pulls round sched. 40 steel posts (2-3/8" dia.)

110304 for square posts

## Increase Efficiency and Reduce Costs with JackJaw Post Extractors!

*"We love it. Anybody can use the JackJaw® to pull sign posts. It is so easy to use! It saves us sending a piece of equipment and two men across town. With the JackJaw® Extractor, one man in a pickup truck can do the job!"*

Drag both ballfields and rake out rocks at the Wendigo ballfield	4	2
Pickup and change the oil and filter on the John Deere 7130, also change the hoses on the boom arm and put sleeves around hoses	6	3
Till and cleanup weeds growing inside the playground areas at both parks	4	2
Remove old Stop Ahead sign on the East Harris Rd.	2	1
Remove old Dead End sign post on Birch Hills Dr.	2	1
Remove dead tree from R.O.W. on Forestview Trl	1	1
Remove old sign post on the Robinson Rd. and replace with Child at Play sign	3	1
Clean up and repaint garage door at the Service Center	3	2
Clean up and paint the Wendigo Well house at Wendigo Park	5	2
Make inspections of all Township Properties	3	3
Meeting time	2	2
Fill out daily time sheets	5	3
Make weekly work plan for following week	2	3

Derrick

Date: 6/12/17

- Meeting with Ken and Mike ½ hr
- Made inspection of the Town Hall. It was not put back all of the way into meeting form after last rental so I finished it. Otherwise Hall was good. ½ hr
- Drag Wendigo ballfield 1 hr
- Mow Wendigo Park 3 ½ hr

Work done that is not on our weekly plan:

- Sprayed ant killer around the inside and outside of the Town Hall. ½ hr
- Pickup Lawnmower blades for the J.D. Z920m and oil filters at Pokegama Lawn & Sport, Oil for lawnmowers, Iron Out, Carb Cleaner, Weed killer, Ordered mower blades for the Gravely at L & M, Picked up water for the Service Center, and gas for the lawnmowers  
2 hr

Dan

Date: 6/12/17

- Meeting with Ken and Mike. ½ hr
- Mow Wendigo park. 4 hrs
- Spray Wendigo park fences and rest of park weed killer. 1 hr
- Spray poison ivy around Wendigo park. ½ hr
- Sprayed cemetery and shop weed killer. 1 ½ hrs

Work done that is not on our weekly plan:

- Worked on sprayer pump would not pump had to bypass the switch. ½ hr

Dan

Date: 6/12/17

- Meeting with Ken and Mike. ½ hr
- Mow Wendigo park. 4 hrs
- Spray Wendigo park fences and rest of park weed killer. 1 hr
- Spray poison ivy around Wendigo park. ½ hr
- Sprayed cemetery and shop weed killer. 1 ½ hrs

Work done that is not on our weekly plan:

- Worked on sprayer pump would not pump had to bypass the switch. ½ hr

Derrick

Date: 6/13/17

- Till up and rake out weeds from the Volleyball court and the playground area at Crystal Park. 6 hr

Work done that is not on our weekly plan:

- Work on creating, organizing and filing work orders 2 hr

Dan

Date: 6/13/17

- Spray weed killer around fence lines and structures Crystal Park. Will need redone as it rained as I was finishing. 4 hrs
- Drag Crystal Park Ballfield 1 hr
- Check oil and clean air filter, fill with gas Gravely. ½ hr.
- Get lengths of hoses on JD 7130 for Kevlar sleeve purchased at auto value. ½ hr
- Picked up Kevlar sleeve for hoses oil and filter for JD 7130. 1 hr

Work done that is not on our weekly plan:

- Cut hanging limbs from the entrance area of the Town Hall. And work on broken door at hall. 1 hr

Derrick

Date: 6/14/17

- Cleanup downed tree on East Harris Rd. Removed Stop Ahead sign on the East

- Harris Rd., Remove old sign post on the Robinson Rd., and removed the old sign post that originally had a Dead End sign on it. 2 ½ hr
- Removed old and replaced street name signs and posts at both entrances on Sunny Ln. 1 hr
- Started cleaning and painting the Garage Door on the Attached garage at the Service Center. 1 hr

Work done that is not on our weekly plan:

- Fill in potholes on Little Crystal Ln., Sunny Ln., a traverse crack at the Town Hall, and the rest of the material was used at the Cemetery. 3 hr
- Fix washed out shoulder on the Metzenhuber Rd. As we were fixing this area I noticed that this area will continue to washout unless different drainage is constructed from the resident on the corner. The drainage coming from the driveway is what continues to cause the road to washout. ½ hr

Dan

Date: 6/14/17

- Cleanup downed tree on East Harris Rd. Removed Stop Ahead sign on the East Harris Rd., Remove old sign post on the Robinson Rd., and removed the old sign post that originally had a Dead End sign on it. 2 ½ hr
- Removed old and replaced street name signs and posts at both entrances on Sunny Ln. 1 hr
- Started mowing the corner property next to the Service Center 1 hr

Work done that is not on our weekly plan:

- Fill in potholes on Little Crystal Ln., Sunny Ln., a traverse crack at the Town Hall, and the rest of the material was used at the Cemetery. 3 hr
- Fix washed out shoulder on the Metzenhuber Rd. As we were fixing this area I noticed that this area will continue to washout unless different drainage is constructed from the resident on the corner. The drainage coming from the driveway is what continues to cause the road to washout. ½ hr

**Weekly Maintenance Plan June 19<sup>th</sup>---- June 23<sup>rd</sup>**

Task to be completed	Estimated hours	Priority
Meeting time.	2	2
Fill out daily time sheets.	5	3
Weekly plan following week.	2	3
Mow Crystal park and inside rink.	14	3
Mow town hall.	3	2
Mow cemetery.	30	1
Mow boat landings.	4	3
Fuel in gas cans dump truck and fuel tank in pickup.	1	1
Work on step town hall	3	3
Clean mower decks and sharpen blades all mowers.	4	1
Sharpen blades on ASV brush mower	3	3
Repair posting station town hall.	1	2
Clean out Woodland and Melody culvert.	4	3
Install large rocks at Casper landing.	4	2

Derrick

Date: 6/19/17

- Meeting with Mike and Ken ½ hr
- Spoke with Casper Construction and Hawkinson Sand and Gravel about getting 2-4 bigger boulders to put at the north access point of the Casper Boat Landing. The biggest size that Casper has is 12" and the biggest size that Hawkinson has is 24". Hawkinson did give me the number for Chad Meyers, who is able to get rocks that are about 3-4 ft. After discussing with both companies, I sent out a message to all supervisors to let them know what I found out. Unfortunately, I don't know what any pricing will be for any of these rocks either. Spoke with Ben from Rowe Funeral Home about a possible burial for this week. The burial has been moved to a later date because the family had decided to go with cremation instead of a full burial. ½ hr

- Mow and trim crystal park 7 hr

Dan

Date: 6/19/17

- Meeting with Mike and Ken ½ hr
- Checked blades and deck on Gravely checked oil filled with gas filled JD 920 also. ½ hr
- Mow and trim crystal park 7 hr

Dan

Date: 6/20/17

- Started mowing the Cemetery 4 hr

Work done that is not on our weekly plan:

- Changed hydraulic hoses and installing Kevlar sleeves on the hoses on the John Deere 7130. 4 hr

Derrick

Date: 6/20/17

- Started mowing the Cemetery 4 hr

Work done that is not on our weekly plan:

- Changed oil and filter on the John Deere 7130, assisted with changed hydraulic hoses and installing Kevlar sleeves on the hoses. 4 hr

Derrick

Date: 6/21/17

- Davies got fuel in tank in back of truck and 6 gas cans. 1 hr
- Talked with Ben from Rowes. ½ hr
- Finished mowing and trimming cemetery. 6 ½ hrs

Dan

Date: 6/21/17

- Davies got fuel in dump truck, picked up gravely mower blades and zip ties at trash at town hall. 1 hr L&M, picked up
- Finished zip tying Kevlar sleeve on JD 7130 diamond mower hoses. ½ hr
- Finished mowing and trimming cemetery. 6 hrs

Work done that is not on our weekly plan:

- Cleaned debris from culvert grates on Woodtick Sunny beach RD. ½ hr

Derrick

Date: 6/22/17

- Work on next week plan. 1 hr
- Mow town hall. 1 ½ hr
- Mow boat landings. 2 ½ hr
- Blow off headstones cemetery. 2 hr
- Started fixing the posting station at the Town Hall. ½ hr

Work done that is not on our weekly plan:

- Spoke with Dave and a family member for the cremation for next week. We went over details for the burial and got everything in order for Monday. ½ hr

Dan

Date: 6/22/17

- Work on weekly plan. 1 hr
- Start ROW mowing, 1 pass on Wendigo park RD, Wesleyan DR, Underwood RD west, Sunnybeach RD up to Katherine AVE 1 pass and Nicolas ST 1 pass.

7 hrs

Derrick

Date: 6/23/17

- Clean out ends, sloped the ditch for drainage and flushed out culvert at the intersection of Woodland Park Rd. and Melody Ln. 4 hr
- Finish weekly plan for following week ½ hr
- Fill out daily report and documented road issues that were in today's report. ½ hr

Work done that is not on our weekly plan:

- Filled in pothole on the intersections of Norberg Dr. and Keyview Dr. Removed excess tar and added class 5 for a base. Then Added cold patch material to patch the hole. While breaking away the tar, I noticed that the gravel has been washing out underneath the road for a while. I was able to stick my arm underneath the road up to my elbow roughly about 17". Hopefully the cold patch material will prevent further destruction to this area. We will keep an eye on it periodically. 2 hr
- Sweep garage at the Service Center ½ hr
- Cleaned up garbage from the can and the parking lot at the LaPlant boat landing. Someone had tipped the can over and spilled out a lot of the contents. ½ hr

Dan

Date: 6/23/17

- Mow ROW 1 pass on all sunnybeach RD all Romans RD, end of Breezy LN, addition, Wendigo park circle, Forest view trl, Pine crest. 7 hrs Sunnybreach
- Meeting Ken and Dennis. 1 hr **Weekly Maintenance**

**Plan for June 26<sup>th</sup> – 30<sup>th</sup> 2017**

Task to be completed	Estimated hours	Priority
Meeting time	1	2
Make weekly work plan for the following week	1	3
Fill out daily time sheets	2.5	1
Record monthly hours and mileage for equipment	1	3
Mow and trim Wendigo Park and the Wendigo Picnic Park	10	1
Mow and trim Crystal Park	3	2
Clean lawnmower decks and sharpen mower blades	14	2
Cremation burial in section 2 for Monday the 26 <sup>th</sup>	2	1
Drag both ballfields	3	3
Sharpen the cutting blades for the ASV brush mower	2.5	3
Vacation time (Dan)	40	1

Dan

Date: 6/26/17 -- 6/30/2017

- Vacation 40 hr

Derrick

Date: 6/26/17

- Meeting with Ken ½ hr
- Open and close cremation burial in section 2 1 hr
- Mow Wendigo Picnic Park 1 hr
- Mow Wendigo Park 4 ½ hr
- Drag ballfield at Wendigo Park 1 hr

Derrick

Date: 6/27/17

- Cleaned underneath mower deck and changed blades on the John Deere 1445 1 hr
- Mow Crystal Park 5 hr

Work done that is not on our weekly plan:

- Replaced Stop signs that were stolen on the Norberg Dr. & KeyView Dr. intersection at the KeyView Dr. & East Harris Rd. intersection. ½ hr
- Replaced broken door knob on the Men’s Bathroom door at the Town Hall and removed 2 hornet nests from east side of building ½ hr
- Blow off tennis court at Wendigo Park 1 hr

Derrick

Date: 6/28/17

- Sharpened blades, Cleaned up blade mounts and greased ASV brush hog mower 3 ½ hr

Work done that is not on our weekly plan:

- Cleaned up Service Center Garage 1 hr
- Updated Sign, Road, Cemetery, and Work Order files 2 hr
- Sweep and mop inside the Service Center Meeting Area 1 hr
- Spoke with Leo from Duluth Monument and Dave from Rowe Funeral Home about 2 stones that will need to be placed this week ½ hr

Derrick

Date: 6/29/17

- Finish mowing and trimming Crystal Park 3 ½ hr
- Work on weekly plan for the following week ½ hr
